## **Router Buddy Kit in Stock NOW!**

“Router Buddy” is a router system that fits most of the popular brand routers, and easily adapts to fit all routers.

### FEATURES and BENEFITS

- Kit includes 4 of the most often used router accessories.
- Converts your router into a multi-purpose system for the cost of one good accessory
- Save setup time; patented base plate is used with all kit accessories
- Circle jig infinitely adjustable from 2” to 18 3/8”
- Fence is Infinitely adjustable from 0 to 8 1/2” in thousands of an inch
- Half rounds can be used as a centering jig or add to the fence for a guide on curved edges
- Base plate accepts Porter Cable style template bushings
- Setups for these accessories are completed in about 30 seconds
- User friendly; extremely light and compact
- Unique design is compact so that both the circle jig and fence can be used in restricted areas where conventional fences and circle jigs will not fit
